Office of Legislative Counsel

Monday - 27 October 1958

1. At the request of the Chief Counsel of the House Select Committee on Astronautics and Space Exploration, Messrs. [] and Warner met with staff members who returned recently from the International Federation of Astronautics meeting in Amsterdam. The meeting was most pleasant and while nothing of a new and startling nature was learned, their information generally confirmed that which was available to OSI. See memorandum for the record.

2. Requested [] Security to check to see if Mr. Miles Scull, Jr., staff member on the Senate Government Operations Committee, has ever been cleared. His Office indicated that there is no record of clearances on Scull in GAO, ODM, Defense or the Civil Service Commission. On the basis of information in Agency files, Security would have no objection to our discussing with him security information classified through Confidential.

3. [] advised that in the recodification of Title 5 of the Code, the Civil Service Commission will utilize a numbers system which will be used as a key to the numbering of subsequent instructions in manuals on the material covered. It is his understanding that about 300 laws relating to personnel management will be included in this codification. He has asked the Civil Service Commission representatives to the Interagency Personnel Advisory Committee to give us a detailed briefing on the Commission's proposals.

4. Telephoned Representative Kilday's office to inquire if he could participate in briefings by CIA Field Stations. In his absence talked with Mr. McAdams who will relay the message to Kilday [] McAdams advised that Major Charles E. Kelly was the Air Force escort officer and the matter is being discussed with Air Force L&L.

JOHN S. WARNER
Legislative Counsel
